Charge Angered Client With Murder of Lawyer

Edward F. Vyzral, 58, an attorney who lived at 7801 143rd St., Orland Township, who was shot and killed in his law office at 100 N. La-Salle St., Chicago, on Wednesday of last week, was buried Monday. Funeral services were conducted from St. Basil Church, 1850 Garfield Ave., Chicago.

Daniel Williams, 38, of 4642 S. Marshfield Av., has been charged with the murder of Vyzral and the attempted murder of his victim's law partner, Herman R. Tavins, 54. But for the timely intervention of an unarmed 130-pound elevator operator, who battled Williams so effectively Tavins was able to escape.

Police said Williams tried to push Tavins off a fire escape from the 26th floor and when he escaped that death the infuriated attacker attempted to push him over the railing of a stairwell. It was then he was rescued by the elevator operator. Julius Benton, 58.

Vyzral, a former alderman of the 15th Ward at Chicago, was at one time a football lineman at Notre Dame and was a giant of a man -- 6 feet, 6 inches tall, and weighing around 350 pounds.

He was shot three times as he sat at his desk on the 11th floor of the office building that is across the street from City Hall. He had represented Williams in a lawsuit the latter had filed against the

CTA as a result of a fight he had had with a bus driver. Williams is said to have become angered because Vyzral had assigned the case to another associate in the firm.

Tavins he forced him at gunpoint to the 26th floor where he allegedly tried to push him out of a window to a fire escape, saying, "I'm going to get rid of you too."

Tavins was beaten about the head and was taken to Wesley Hospital where he was given a police guard after receiving a threatening telephone call.

Williams was captured in the building by police who found him with packing a pistol.

Last Thursday when in the bullpen at felony court Williams attacked a bailiff and was subdued by the application of MACE. That was after Williams had been ordered held to the grand jury on charges of murder and attempted murder. Also known as Vilinacius, Williams has a record of six arrests dating back to 1955, police reported. At various times he is said to have had court supervision for indecent exposure, petty larceny, battery and resisting arrest. He was fined \$50 for assault and disorderly conduct and last March 12 was fined \$50 for resisting arrest.

Vyzral was elected to the city council in 1948 to fill an unexpired term. He retired from the council three years later when the ward organization dumped him because he voted for expanding public housing projects.

Explain Guidance

In an effort to better understand the role of guidance and counseling in our schools, the Guidance Department at Lincoln-Way High School was asked to interpret some of the services that are available to students and parents.

The term "Guidance Counseling" has many meanings, but to the professionally trained counselor it means that a member of the counseling staff shares with the other school personnel, parents, and the community a responsibility for helping young people become contributing citizens. In order to meet these goals a counselor establishes a student-counselor relationship in which a student has the freedom to express his ideas and feelings. Counseling seeks to help students assume responsibility for making plans and decisions.

Since education has become quite diverse and departmentalized, oftentimes a student finds himself at a loss as to whom to approach, where to go, how to find certain information, how to go about a certain task, and/or how to deal with countless other questions. To be of special help to the individual student in approaching these questions, therefore, is the prime role of the school counselor. The guidance department functions fundamentally as an area of student service.

There are several administrative duties that are also met in the Guidance office, such as the registration

of students for the following academic year, course and schedule changes during the year, overseeing attendance procedures, and receiving and orienting new students as they arrive throughout the school year.

Perhaps the most important service provided by the guidance department is that of counseling or advising students in the many decisions that they must make as they progress thru high school. Academic decisions arise; college choice, etc.; private, personal concerns occur; vocational choice decisions must be considered; personal-social adjustment situations arise - all of which present perplexing decisions to be made by the student. The counselor is available to assist the student in working thru these questions.

In assisting the student the counselor gathers and organizes information about him from grades, standardized tests, information forms, and conferences with parents, teachers, and students. He interprets this information to the student and his parents to help the student deal with needs and problems that may present themselves. Assistance in securing part-time jobs, college scholarships or loans, communication with parents, orientation of freshmen and transfer students, arranging visiting resource speakers, providing occupational information, all comprise some of the other activities of the guidance department.

dy Anderson, Arbury Hills; Pat Fehrenbacher, Manhattan and Mrs. Rourk, of Ann Rutledge.

Supt. James Ennis, of the

Mokena school system, discussed possible fiscal troubles ahead for districts from possible lawsuits contesting the action of the state department of revenue in hiking Will County valuations.

He urged the school districts to bring pressure on the Will County board to proceed with the naming of a supervisor of assessments. Some feel that a supervisor of assessments would provide a uniform valuation system that would satisfy the state revenue department so it would hold to a multiplier of one.

A musical program was provided at the meeting by choral groups from the host school.

Kill 1, Capture 2, As School Burglars

Two school burglar suspects were seized and a third killed Sunday night at Homewood-Flossmoor High School.

As a guard against theft electronic devices are installed in the school and directly hooked up with Homewood police.

Police thus heard the men talking and then breaking a window thru which they entered the school. Police from Homewood, Flossmoor and Olympia Fields hurried to the school, surprising the trio who did not know the school was bugged.

They were reported to have been working on a wall safe -- which turned out to be empty of anything valuable -- when police arrived

and scattered.

One of the men, identified as Edward Williams, 30, of Peoria, was cornered in a washroom by a Homewood policeman, Gerald Courchene. When the officer ordered him to come out, Williams came charging out, swinging a hammer, it was reported. The officer fired twice with a shotgun and Williams was instantly killed.

The other two men, Anthony Romano, 29, also of Peoria, and James B. McKenny, 29, of St. Louis, were rounded up by Patrolmen Gene Abney, of Flossmoor, and Larry Rudisel, of Olympia Fields. Both were charged with burglary.

They are reported to have denied breaking into any other schools. Sandburg was hit twice by burglars last year Stagg High once. These schools are wired now.

Moorehouse Resigns Village Post; Moving To Michigan

Henry L. Moorehouse, now serving his second term on the Orland Park Village Board, has tendered his resignation to that body and it was accepted Monday night with regret. Moorehouse, who also was a former member of the grade school board, is moving to Michigan, where he has been named as district general manager of Wire Sales Co., producers of wire and wire mill products.

The company has a large plant at Chicago and has another large plant now under construction at Plymouth, Mich., where Mr. Moorehouse will be in charge.

While on the village board Moorehouse served as chairman of the Park Site committee, which was responsible for the establishment of the W.R. Schussler and Orland Park Hills parks and equipping them for recreational purposes.

In his letter to Mayor Melvin Doogan and his fellow trustees, Moorehouse said his years on the board have been a rewarding experience.

"... I have received in knowledge and understanding much more from this experience than I have given ...," he said. "... I have never known a group of officials, both elected and appointed and employees in all village departments, who are more honest hardworking and have as their common goal a better village.

"Special praise is due the police department, fire department, building commissioner and his inspectors who have done so much to make Orland Park the fine place it is to live, work and play.

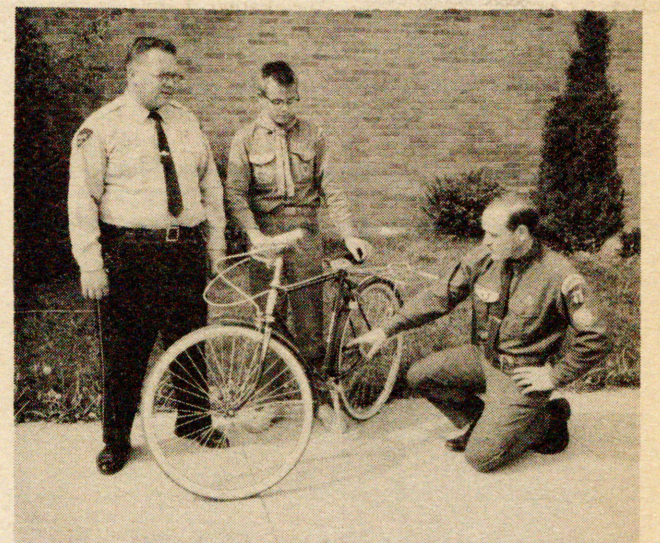

"I had considered being a trustee was an obligation rather than an honor. At this time I now consider it an honor because of the people with whom I have been

associated. . ."

Get Nine Bids On Watermain Project

Nine bids on the installation of a 12-inch water main along 151st St. between West Av. and LaGrange Rd., were opened at the regular village board meeting at Orland Park Monday night.

Bid bonds of the two lowest bids were retained until next Monday when the board is to reconvene and award the contract.

Loitz Brothers, of Grant Park, Ill., submitted the low bid of \$22,671, with J. Marich & Son of Summit, Ill. next with a figure of \$23,131.

Hulett Construction of Oak Forest was a little higher than Marich -- \$23,345.50. The other bids were: Alpha Construction, of Hazelcrest, \$24,518; DiPaolo Construction Co., Chicago, \$24,740; Fiorvanti Inc., \$24,982; Santry Construction, \$25,934.70;

Vincent DiVito, \$26,506.50, and George D. Hardin Inc., \$28,472.

The low bids are within the estimate of Village Engineer Mark Lovejoy, including engineering and legal fees.

The water main is being installed primarily to serve the Imperial Metal and Chemical plant now under construction on 151st St. The company and Henry Rafacz, who owns the rest of the land between the plant and LaGrange Rd., are putting up the bulk of the money.

At Monday's meeting a letter was read from W.F. Lawrence Associates, city planners, which was forwarded to the Imperial firm. The letter said the plans for landscaping the property should be improved.

Open Letter from the HIRSCHS'

Dear friends,

The funeral in the United States is basically a religious ceremony. Naturally the clergymen, as religious leaders in each community, perform a vital role in the funeral service.

Funeral directors and clergymen work together to provide a united service which clarifies the religious meaning of death and comforts the bereaved family and friends.

Dist. 135 Tax Rate Up

Orland School District No. 135's tax rate increased by seven cents this year, from \$2.33 to \$2.40. This was lower than expected due to the quadrennial reassessment increasing the district's property values (assessed valuation) by \$1,500,000.

Of the 7-cent increase, five cents was for a new levy to complete work in existing buildings to comply with the Illinois Life Safety Code. This particular levy will be decreased next year and will not be required at all in 1969. The remaining two cents is reflected in the Working Cash Fund Levy—a borrowing fund within the district's account, used continually to decrease the amount of issuance of tax anticipation warrants.

At the most recent meeting of the Board of Education, a review was made of finances and taxes.

THIS YOUNG Miss, Gayle Boozer, is a strong supporter of the New York governor for the presidency in the "primary" that the 8th graders of Orland Park School are holding today. She was looking for a spot to post the poster when this picture was taken.

Gun owners in Illinois have until July 1 to comply with the State's new firearm owner's registration law.

As of that date, anyone who acquires or possesses any firearm or ammunition must have a Firearm Owner's Registration card.

Cards must be obtained by application to the State Department of Public Safety, and are issued only to those persons who meet State

qualifications for gun owners.

Cost of a permit is \$5. It is good for five years.

The Illinois State Bar Association has received many inquiries about the new law, which was enacted by the 1967 legislature as Senate Bill

The Law Serves You

A Public Service of the
ILLINOIS STATE BAR ASSOCIATION

No. 1350. Here are some of those questions and the answers given:

Q. Who is prohibited from obtaining a gun owner's permit?

A. The State will not issue permits to narcotic addicts; persons who have been patients in mental hospitals within the prior five years; mentally retarded persons; persons who within the past five years have been convicted of a felony or been confined to a penitentiary. Also, to qualify, one must be 21 years of age or, if under 21, he must have the written consent of a parent or guardian who has a valid Firearm Owner's Identification Card and must never have been convicted or a misdemeanor other than a traffic offense or been adjudged a delinquent.

Q. Do we need Firearm Owner's ID card for the old muzzle loading flintlock that hangs over our mantel?

A. The law applies to any firearm device "designed to expel a projectile or projectiles by the action of an explosion, expansion of gas or escape of gas. . . ." collector's items included. Only air guns, spring guns or BB guns which expel "a single globular projectile not exceeding .18 inch in diameter," and safety construction or signaling devices are exempt.

Q. The law says no one under 21 years old can obtain a Firearm Owner's Identification Card without written consent of a parent or guardian who holds a valid card. My 11 year old son loves to hunt, but his father is hospitalized and I don't hunt. What does the law say about this?

A. It doesn't rule out your son provided you or your husband, even though he is hospitalized, qualify and obtain a registration card and then give written consent to

your son's application. If he is otherwise qualified, a permit will be issued to him. Of course, because of his age, he needs the written consent of a parent or guardian to obtain a hunting license too. One other thing: Any parent or guardian who gives consent to a minor to hold a registration card will be liable for any damages resulting from the minor's use of firearms or ammunition.

The Public Safety Department has by law a 30 day period during which to

investigate the application and issue the card. Applications should be mailed by June 1 to be registered by the July 1 effective date. Application must be made on forms now available from city police departments, sheriff's offices, registered firearms dealers, currency exchanges and county clerks.

A pamphlet explaining all of the law's provisions can be obtained by writing to the department of Public Safety, Firearm Owners Identification Section, Room 507, Illinois State Armory, Springfield, Illinois 62702.

Assessor's Office Operates Mobile Field Unit In Area

The Mobile Field Unit of Assessor P.J. Cullerton of Cook county has been placed in operation for the 1968 assessment period and for its 11th consecutive year.

The Mobile Field Unit, which was created by Assessor Cullerton in 1958, is an especially equipped trailer that is moved directly to convenient outlying locations where property owners may inquire about their assessments without having to make the long trip to the assessor's main office in the County building in downtown Chicago.

Here, at the Mobile Field Unit, home owners and other real estate owners may not only inquire about their assessments, but also may obtain the immediate services

of deputy assessors who inspect properties to determine if assessments are correct.

From now through October, Assessor Cullerton's Mobile Field office will be stationed at numerous locations in the south and west suburban areas having served other parts of the county last year.

The Field Unit is open from 9 a.m. to 5 p.m. on Tuesdays through Fridays, and from 9 a.m. to 1 p.m. on Saturdays.

The unit is at the Evergreen Plaza Shopping Center, 95th St. and Western ave. in Evergreen Park.

Other locations for the remainder of May are: May 14 to 18 - Oaklawn Village Hall, 5252 James St., Oak Lawn;

May 21 to 25 - Ranch Manor Shopping Plaza, 111th St. and Crawford Ave., Oak Lawn; May 28 to June 8 - Canterbury Gardens Shopping Center, 159th St. and Kedzie Ave. Markham.
